Re: RoHS Certificate of Compliance

Based on current knowledge of material specifications, supplier information and material processing, our mechanical security seals* are in compliance with the Restriction of Hazardous Substances (RoHS) EU 2002/95/EC Directive.

| | |
|---------------------------------------------|---------|
| Lead (Pb) ----- | < 0.1% |
| Mercury (Hg) ----- | < 0.1% |
| Cadmium (Cd) ----- | < 0.01% |
| Hexavalent Chromium (Cr+6) ----- | < 0.1% |
| Polybrominated Biphenyls (PBB) ----- | < 0.1% |
| Polybrominated Diphenyl Ethers (PBDE) ----- | < 0.1% |
| Deca DBE----- | < 0.1% |

NovaVision does not intentionally add any of the restricted substances in the fabrication process.
