

## Installation Guide MS-C5B9-76KY DualGuard

### STEP 1

- Separate Bolt Seal from Lock, thread through latch hole and lock together

### STEP 2

- Weave Cable through locking bars. Create a figure-eight for additional security.

### STEP 3

- Thread Cable into Cable Lock, pull taught to remove any slack.

### STEP 4

- Use Bolt Cutters or Cable Cutters to remove any excess cable. This prevents any reuse.

## Removal Guide MS-C5B9-76KY DualGuard

### STEP 1

- Use Bolt Cutters to remove Bolt Seal. Use caution as bolt may come off at high speed.

### STEP 2

- Use Bolt Cutters or Cable Cutters to remove Cable Seal. Cut on fixed end near lock to prevent reuse.
